I am writing to apply for the Narrator position at Hire Feed. The role requires clear, accurate verbal communication and attention to detail, which aligns with my background in technical communication and cross-cultural collaboration.

Through my professional experience as a web developer, I have developed strong communication skills by working closely with international clients, stakeholders, and team members. I am comfortable presenting technical information clearly and adapting my tone to different audiences.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how my communication skills and attention to detail can contribute to the Narrator role at Hire Feed.

Sincerely,

Md Shahanur Islam Shagor
