I am writing to express my interest in the ANALISTA ADMINISTRATIVO JR position at Grupo Ri Happy. Although my professional background is in software engineering, I have consistently applied strong organizational, analytical, and process-oriented skills throughout my career.

In my previous roles, I was responsible for executing and monitoring administrative workflows, ensuring quality, meeting deadlines, and adhering to company guidelines. I regularly analyzed indicators, prepared detailed reports, and supported partner areas to identify improvement opportunities and contribute to business results.

One area that particularly interests me is the emphasis on simplicity and practical value. I naturally gravitate toward approaches that are direct, focused, and results-driven. I believe in clear communication, transparency, and continuous learning.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am confident that my analytical mindset, attention to detail, and commitment to quality would allow me to contribute positively to Grupo Ri Happy. I have attached my CV for your review and welcome the opportunity to discuss how I can support your team.

Sincerely,

Md Shahanur Islam Shagor
