I am writing to apply for the Social Media Coordinator position at STNDRDS Magazine. STNDRDS is building a thoughtful luxury media brand, and the opportunity to help shape its voice and digital presence from the ground up is compelling.

My background is in software engineering and web development, where I have spent years translating complex technical concepts into clear, engaging content for diverse audiences. I have built full-stack platforms that required strong writing, editing, and storytelling skills to communicate effectively with users, stakeholders, and cross-functional teams.

In my professional experience, I have collaborated closely with designers, writers, and editorial contributors to develop content strategies, manage publishing workflows, and ensure brand consistency across digital channels. I am comfortable working independently in remote environments and managing multiple projects with competing deadlines.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
