I am writing to apply for the Content & Social Media Executive position at Work Force Nexus. While my professional background is rooted in software engineering and full-stack development, I bring strong written communication skills, attention to detail, and experience creating clear, user-facing content for digital platforms.

In my previous work as a Web Developer, I regularly wrote and edited content for web applications, including user documentation, interface copy, and marketing materials. I understand how to communicate technical and non-technical information clearly to different audiences.

I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am confident I can contribute to your team's content and social media efforts. I have attached my CV for your review.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
