I am writing to apply for the Team Lead (m/w/d) Ticketing & Kundenmanagement position at XLETIX GmbH. Your company's mission to inspire people through sport and deliver a seamless participant experience from ticket purchase to event check-in is genuinely compelling. I appreciate how XLETIX combines large-scale event operations with digital innovation to serve over 250,000 sport enthusiasts annually.

Through my professional experience as a Web Developer, I have built and maintained full-stack applications using Laravel, Next.js, and Node.js. I have developed RESTful APIs, implemented authentication and role-based access control, and integrated payment gateways. I also have experience deploying applications on Linux servers with Nginx, Docker, and CI/CD pipelines, which gives me a solid technical foundation for understanding and improving digital customer communication tools.

One area that particularly interests me is the use of automation and digital solutions to enhance the customer journey. In my work, I have delivered real-time features such as chat, notifications, and live updates using WebSockets and Pusher. I have also worked with third-party services, cloud storage, and database optimization to ensure systems are efficient and scalable. I am comfortable analyzing processes, tracking KPIs, and making data-driven improvements.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am confident that my technical skills, hands-on mentality, and structured approach would allow me to contribute meaningfully to your team. I have attached my CV for your review and look forward to the possibility of discussing how I can support XLETIX in delivering outstanding participant experiences.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
