I am writing to apply for the Assistenz mit Schwerpunkt Marketing position at Gˆ¶bel Hochbau GmbH. Your company's reputation as a family-run business with a strong team culture and long-term perspective is something I value, and I would welcome the opportunity to contribute to your marketing efforts.

Through my professional experience as a Web Developer, I have worked extensively with HTML and CSS to build and maintain websites. I am comfortable making content updates, adjusting layouts, and ensuring pages display correctly across devices. These skills directly apply to the website maintenance and CMS-related tasks described in your job posting.

In previous roles, I was responsible for creating and publishing content, updating information on company websites, and ensuring accuracy across digital platforms. I approach each task with care and consistency, and I am comfortable working independently to keep content fresh and aligned with company goals.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would be glad to discuss how my background can support your marketing team. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
