I am writing to apply for the Executive Assistant position at GrowthAssistant. Your company connects top marketing and operations talent with fast-growing companies, and I am interested in contributing to a team that values efficiency and organization.

My professional experience has involved coordinating between technical and non-technical stakeholders, managing project timelines, and ensuring clear communication across teams. I have supported operations by organizing documentation, tracking deliverables, and maintaining structured workflows that keep projects moving forward.

In previous roles, I worked closely with clients and internal teams to align priorities, schedule meetings, and follow up on action items. I am comfortable handling multiple tasks simultaneously and adapting to changing needs in a remote work environment.

In addition to my organizational experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how I can support GrowthAssistant’s operations and team coordination needs.

Sincerely,

Md Shahanur Islam Shagor
