I am writing to express my interest in the Social Media Manager position at NeoReach. While my professional background is in software engineering, I bring strong communication skills, cross-cultural experience, and a deep understanding of digital platforms that I believe would be valuable in this role.

One area that particularly interests me is how technology and content strategy intersect. Through my work as a full-stack developer, I have built platforms that required clear messaging, user engagement strategies, and consistent brand presentation. These experiences have given me a practical understanding of how digital content reaches and resonates with audiences.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am comfortable working independently in a remote, part-time capacity and am organized enough to manage 20-25 hours per week effectively. I am eager to bring my adaptability, writing skills, and platform knowledge to support NeoReach’s social media efforts.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
