I am writing to apply for the Call Center Agent Social Media position at Aljazira Bank. Your focus on remote work and customer-facing digital communication aligns with my ability to adapt quickly and communicate clearly across diverse channels.

Although my professional background is in software engineering, I have developed strong customer-centric skills through direct client collaboration and cross-functional teamwork. I am fluent in Bengali and English, with working knowledge of Russian and Hindi, enabling me to assist a wide range of customers with courtesy and clarity.

I understand the importance of managing social media channels, responding to inquiries, and documenting feedback accurately. I am comfortable learning new systems and committed to following bank policies and SAMA regulatory requirements.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how I can contribute to the Contact Center team at Aljazira Bank.

Sincerely,

Md Shahanur Islam Shagor
