I am writing to express my interest in the Steuerberater (m/w/d) position at Taxtalente.de in Krailling. While my professional background is in software engineering rather than tax consulting, I bring a strong analytical mindset, a careful and efficient working style, and genuine openness to digital workflows.

In my previous work as a Web Developer, I have consistently delivered projects that required meticulous attention to detail, structured problem-solving, and clear communication with stakeholders. These skills translate directly into the careful preparation and review of financial documents and tax declarations.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I communicate clearly with both technical and non-technical colleagues.

I have attached my CV for your review. I would welcome the opportunity to discuss how my skills could contribute to your partner firm in Krailling.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
