I am writing to apply for the Executive Assistant France position at Zirtual. Your focus on work-life balance and experienced remote support aligns with how I approach my own work: structured, reliable, and built around clear communication.

Through my work as a full-stack and AI engineer, I have developed strong organizational habits that transfer directly to executive support. Managing complex projects across time zones, coordinating with stakeholders, and keeping track of multiple moving parts has been a core part of my daily workflow. I am comfortable working independently and taking ownership of tasks without needing constant supervision.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I am comfortable communicating clearly and professionally with people from different backgrounds.

I have attached my CV for your review. I would welcome the opportunity to discuss how my experience and working style can contribute to the Zirtual team.

Thank you for your consideration.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
