I am writing to express my interest in the Executive & Admin Assistant role at Nexist. Although my professional background is in software engineering, I have developed strong organizational and coordination skills through managing complex projects, communicating with stakeholders, and maintaining structured workflows across remote teams.

In my previous work as a web developer, I regularly handled scheduling, documentation, task prioritization, and cross-team communication. These responsibilities required clear written communication, attention to detail, and the ability to manage multiple priorities simultaneously.

I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
