I am writing to apply for the Fast Hire for VA Receptionist position at OnlineJobs.PH. While my professional background is in software engineering, I bring strong organizational discipline, clear communication habits, and a proven ability to handle structured tasks with consistency and attention to detail.

Through my work as a web developer, I have managed client communications, coordinated project timelines, and handled administrative workflows that required accuracy and follow-through. These experiences have built a reliable work ethic and the ability to stay organized under pressure.

I am a quick learner and a hard worker. I am comfortable following defined processes, adapting to feedback, and maintaining quality in repetitive tasks. I understand the importance of clear communication, punctuality, and professionalism in a remote receptionist role.

I am fluent in Bengali and English, with working knowledge of Russian and Hindi. I am comfortable working across time zones and committed to a fixed schedule.

I have attached my CV for your review. I am ready to start and contribute from day one.

Sincerely,

Md Shahanur Islam Shagor
