I am writing to express my interest in the Influencer position at Pashet. While my background is primarily technical, I bring a unique perspective to brand representation through my experience building digital platforms that connect with real users.

Through my work developing full-stack applications, I have learned how to understand user behavior, create engaging experiences, and communicate value clearly. These skills translate directly into authentic brand advocacy and audience engagement.

I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how my background can contribute to Pashet’s brand presence.

Sincerely,

Md Shahanur Islam Shagor
