I am writing to apply for the Document Review Paralegals Fully Project position at Montresor Legal. While my professional background is in software engineering, I have developed strong analytical skills, attention to detail, and the ability to process complex information accurately and efficiently.

Through my work as a full-stack developer, I have handled large datasets, reviewed code for errors, and maintained high standards of accuracy under tight deadlines. These skills translate directly to document review work, where precision and consistency are essential.

I am comfortable working fully remotely and have experience collaborating with international teams across different time zones. I am fluent in Bengali and English, with working knowledge of Russian and Hindi, which supports clear communication in diverse environments.

I am a quick learner who follows instructions carefully and maintains focus during repetitive tasks. I am confident I can contribute to your team's efficiency and accuracy on this project.

I have attached my CV for your review and welcome the opportunity to discuss how my background can support Montresor Legal's needs.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
