I am writing to apply for the HR-Manager International position at Trident Hamburg. Your company's international focus and family-oriented culture are appealing, and I am interested in contributing to your global HR operations.

Although my professional background is in software engineering, I have developed strong analytical thinking, structured problem-solving, and cross-cultural communication skills through years of working in international teams. I am fluent in English and Bengali, have working knowledge of Russian and Hindi, and am comfortable navigating diverse cultural contexts.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am a quick learner with a structured and solution-oriented approach. I am confident that my ability to adapt, organize, and communicate across cultures would allow me to support your international HR processes effectively.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to Trident Hamburg.

Best regards, Md Shahanur Islam Shagor

Sincerely,
