I am writing to apply for the Executive Assistant Fully position at CoTrain. Your model of connecting elite experts with meaningful opportunities is something I find genuinely compelling, and I would welcome the chance to contribute to a platform that values precision and reliability.

My professional background has been in software engineering, where I have spent years managing complex technical workflows, coordinating across teams, and ensuring that projects move forward without friction. This experience has taught me how to organize information clearly, communicate across different audiences, and handle multiple priorities without losing attention to detail.

In previous roles, I have been responsible for scheduling, documentation, stakeholder communication, and keeping development cycles on track. I am comfortable working independently in remote environments and have developed strong habits around task management, follow-through, and clear written communication.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
