I am writing to apply for the Medical Scheduler position at Resonance CX Partners. Your mission of helping experienced professionals find meaningful opportunities resonates with me, and I am interested in contributing to that work.

My background is in software engineering, where I have spent years building systems that require precision, organization, and clear communication. Through professional experience as a Web Developer, I have managed complex project timelines, coordinated with multiple stakeholders, and ensured that deliverables were met on schedule. These responsibilities have given me strong scheduling and coordination skills that transfer well to this role.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
