I am writing to apply for the Houseman position at The Abaco Club. The opportunity to contribute to a premier private club known for its commitment to exceptional member experiences and pristine environments is genuinely appealing.

While my professional background is in software engineering, I have developed a strong work ethic, attention to detail, and the ability to follow structured procedures precisely. These qualities transfer directly to the standards required in maintaining clean, organized, and welcoming spaces.

In previous roles, I consistently demonstrated reliability and thoroughness in completing tasks, whether working independently or as part of a team. I am comfortable following instructions carefully, maintaining organized storage areas, and ensuring that every detail is addressed to meet high expectations.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application, and I look forward to the possibility of contributing to The Abaco Club team.

Sincerely,

Md Shahanur Islam Shagor
