I am writing to apply for the YouTube Video Editor position at OnlineJobs.PH. Your focus on creating short, humorous videos with consistent pacing and style caught my attention, and I believe my background aligns well with what you are looking for.

While my primary expertise is in software engineering, I have hands-on experience with video-related tools and workflows through my technical projects. I understand the importance of timing, pacing, and visual consistency in video content, and I am confident I can apply these skills to create engaging short videos based on your instructions.

I work well in remote, international teams and am comfortable with flexible schedules as long as deadlines are met. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating across cultures.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,
