I am writing to apply for the Gardener position at Fairmont Southampton. The opportunity to contribute to the maintenance and beauty of Bermuda's largest resort, following its multi-million-dollar renovation, is genuinely appealing. I understand the importance of creating a picturesque environment for guests and am ready to bring my reliability and strong work ethic to your grounds team.

While my professional background is in software engineering, I have always valued hands-on, detail-oriented work. I am a quick learner and a hard worker, prepared to take on the physical demands of outdoor work in all weather conditions. I am committed to learning turf management, plant care, and the safe operation of landscaping equipment to meet the high standards of Fairmont.

I am comfortable working independently and as part of a collaborative team. I understand the need for flexibility, including evenings, weekends, and holidays, to support the resort's operations and special events. My focus will be on maintaining safe, accessible, and visually appealing grounds for every guest.

In addition to my work ethic, I communicate clearly and work effectively within diverse teams. I am fluent in Bengali and English, with working knowledge of Russian and Hindi, and I enjoy collaborating in multicultural environments like Fairmont.

I have attached my CV for your review and look forward to the possibility of contributing to the Fairmont Southampton team.

Sincerely,

Md Shahanur Islam Shagor
