I am writing to apply for the Finanz- und Projektassistenz position at RegioVision GmbH Schwerin. Your work connecting people with employment opportunities through European funding projects like Erasmus+, Interreg, and ESF is meaningful and impactful. I am drawn to the idea of contributing to a team where financial organization directly supports social outcomes.

Through my professional experience, I have developed strong organizational and coordination skills that align well with the responsibilities of this role. I have managed project workflows, tracked budgets, and ensured that deliverables met both internal standards and external requirements. I am comfortable working with numbers, maintaining clear records, and supporting teams through structured planning.

One area that particularly interests me is managing the financial side of project work. I have experience handling budgets, tracking expenses, and preparing documentation for review. I understand the importance of accuracy when dealing with funding allocations and reporting to stakeholders. I bring a detail-oriented mindset and the discipline to follow processes without losing sight of the bigger picture.

In addition to my organizational skills, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how my experience in project coordination and financial organization can support the work at RegioVision GmbH Schwerin.

Sincerely,

Md Shahanur Islam Shagor
