I am writing to apply for the Medical Secretary position at Curaleaf International. Your mission to redefine healthcare administration in the medical cannabis sector and help patients access life-changing care resonates with me. I am drawn to the opportunity to contribute to a supportive, remote team that values professionalism and patient focus.

While my background is in software engineering, I have developed strong organisational, multitasking, and communication skills that directly transfer to this role. I am highly IT proficient, confident using MS Outlook, Word, Excel, and Adobe, and I maintain a professional and courteous tone when handling sensitive information. I am accustomed to working in detail-oriented environments where accuracy and confidentiality are essential.

In my professional experience, I have supported teams by managing schedules, coordinating tasks, handling correspondence, and answering queries. I am comfortable working independently in a remote setting and am skilled at prioritising multiple responsibilities while maintaining a patient-focused approach. I am also experienced in maintaining clear and professional written and verbal communication.

In addition to my administrative capabilities, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application. I would welcome the opportunity to discuss how I can support the Curaleaf team.

Sincerely,

Md Shahanur Islam Shagor
