I am writing to apply for the Virtual Assistant position at Torentify. The opportunity to support daily business operations in a fully remote environment aligns well with my background in organized, independent work.

Through my experience as a Web Developer, I have developed strong skills in managing communications, organizing digital files, and coordinating tasks across teams. I am comfortable using a variety of computer applications and online productivity tools to keep workflows efficient and accurate.

One area that particularly interests me is the emphasis on attention to detail and confidentiality in this role. In my previous work, I handled sensitive project data and maintained clear records, ensuring information was organized and accessible only to authorized team members.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
