I am writing to express my interest in the Principal Corporate Law & Corporate Financing (m/f/d) position at Flix.

After carefully reviewing the job description, I understand that this role requires a fully German-qualified lawyer with extensive experience in corporate governance, financing agreements, and legal negotiation. My professional background is in software engineering, full-stack web development, and AI systems, which does not align with the legal qualifications and senior-level corporate law experience this position demands.

I respect the specialized nature of this role and the depth of expertise required. Submitting an application for a position where I cannot meet the fundamental requirements would not be a productive use of your time.

I wish you success in finding the right candidate for this important role.

Best regards, Md Shahanur Islam Shagor

Sincerely,
