I am writing to express my interest in the Teamleiter Wirtschaftsprˆ…fung position at DOMUS Consult Wirtschaftsberatungsgesellschaft mbH. While my professional background is in software engineering rather than auditing, I bring strong analytical capabilities, experience with data integrity, and a proven ability to manage complex, detail-oriented work.

Through my work as a Web Developer, I have built and maintained systems that handle sensitive financial data, implemented role-based access controls, and ensured data accuracy across multiple platforms. I have worked extensively with MySQL and PostgreSQL databases, designed reporting systems, and developed secure authentication workflows. These responsibilities required the same attention to detail, structured thinking, and commitment to quality that auditing demands.

One area that particularly interests me is the emphasis on maintaining high quality standards and supporting the development of team members. In my previous roles, I have collaborated closely with colleagues, reviewed code, and contributed to knowledge-sharing sessions. I am comfortable taking ownership of tasks, communicating clearly with stakeholders, and ensuring that work is delivered reliably.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
