I am writing to express my interest in participating as a panelist for the Haushalts- & Verbraucherpanel at Finanzmaxx. This flexible opportunity to document everyday purchases and media usage while earning rewards fits well with my current schedule and my interest in contributing to market research projects.

I have a reliable smartphone and computer with internet access, and I am comfortable using apps and digital tools to record information accurately. I understand the importance of careful documentation and consistent participation in long-term research projects.

In my daily life, I already track various types of information digitally, which has built a habit of attention to detail and reliability. I am comfortable providing feedback on products, media, and usage patterns in a structured way.

In addition to my technical background, I work effectively across different tasks and communicate clearly. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to participate in your current or future consumer research projects.

Thank you for your consideration.

Sincerely,

Md Shahanur Islam Shagor
