I am writing to express my interest in the Patient Care Advocate position at Hey Jane. While my professional background is in software engineering, I have developed strong communication, problem-solving, and client-facing skills that I believe are directly transferable to this role.

In my previous work as a web developer, I regularly collaborated with stakeholders to understand requirements, explain technical concepts clearly, and ensure solutions met user needs. This experience taught me to listen carefully, communicate with empathy, and follow through on commitments.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and am comfortable working with people from diverse backgrounds. I am a quick learner who adapts easily to new systems and processes.

I am drawn to Hey Jane’s mission of providing accessible healthcare. I am organized, reliable, and committed to supporting patients with patience and respect.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
