I am writing to apply for the Halwai position at j^…STa Hotels & Resorts. I understand the role requires someone capable of preparing Indian sweets and snacks, and I am ready to take on this responsibility.

While my professional background is in software engineering, I am a quick learner and a hard worker. I have a strong ability to follow detailed procedures and maintain consistency, which I believe translates well into kitchen work. I am prepared to learn the specific recipes and techniques required for your menu.

In addition to my learning ability, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am ready to start immediately and am comfortable with the food and accommodation arrangement provided. I look forward to the opportunity to contribute to your team.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
