I am writing to express my interest in the Youth Mental Wellness Coach role at Clayful. Your mission to provide free, life-changing coaching to middle and high school students across the U.S. is both urgent and inspiring. I want to contribute to this work.

Although my professional background is in software engineering, I bring strong interpersonal skills, cultural awareness, and a natural ability to listen and respond with empathy. I have worked with diverse teams and users across Bangladesh, Russia, and Armenia, which has given me a deep appreciation for supporting people from different backgrounds and life experiences.

I am comfortable with flexible schedules, variable hours, and evolving processes. I value feedback and supervision, and I am fully prepared to complete Clayful's onboarding training, follow crisis protocols, and collaborate with licensed Coach Supervisors in real time.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am ready to bring my empathy, reliability, and commitment to this meaningful work. I have attached my CV for your review.

Sincerely,

Md Shahanur Islam Shagor
