I am writing to express my interest in the Social Media & Partnerships Manager Lifestyle position at Caramel Talent. While my professional background is in software engineering, I bring strong cross-functional communication skills, international collaboration experience, and a structured approach to managing relationships and workflows.

In my previous work as a Web Developer, I regularly coordinated with stakeholders, clients, and engineering teams to deliver projects on time. This required clear communication, active listening, and the ability to translate business needs into actionable plans. I am comfortable working across different teams and cultures, which I believe is essential for managing partnerships effectively.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. These language skills have helped me build trust and clarity with diverse teams and clients.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
