I am writing to apply for the HR-Mitarbeiter Recruiting & Personalplanung position at BorBˆcker Siebers. Your focus on respectful teamwork, employee development, and operational efficiency stands out to me.

Although my professional background is in software engineering, I have developed strong organizational and coordination skills through managing complex projects and cross-team workflows. I am comfortable working with data, planning schedules, and ensuring that operations run smoothly.

In my previous work, I have coordinated with multiple stakeholders, maintained accurate records, and supported team members during onboarding and daily operations. I am confident I can apply these skills to employee scheduling, recruiting support, and general office tasks at BorBˆcker Siebers.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I am eager to bring my reliability and structured approach to your team.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to BorBˆcker Siebers.

Sincerely,

Md Shahanur Islam Shagor
