I am applying for the Freelance Transcriptionist â Sinhalese role at Perle. Your focus on expert-driven training data and linguistic nuance aligns with my own attention to detail and language precision.

I am a native Sinhalese speaker with strong written skills, including accurate spelling, punctuation, and grammar. I understand the importance of producing clean, sequentially ordered transcripts with correct speaker labels and timestamps, and I am comfortable working independently to meet daily output targets.

I have a reliable computer and stable internet connection, and I can commit at least 4 hours per day to this role. I am ready to complete the qualification test and can begin production tasks immediately upon passing.

In addition to my language skills, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and look forward to the opportunity to contribute to Perle’s transcription projects.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
