I am writing to apply for the Bildungsreferent*in fˆ…r Inhouse-Qualifizierungen position at BBA - Akademie der Immobilienwirtschaft e.V. Your focus on developing tailored, practical educational programs for the real estate industry is something I find genuinely compelling.

Through my professional experience as a Web Developer, I have developed strong project coordination and organizational skills. I have managed multiple projects simultaneously, handling everything from initial requirement analysis and stakeholder communication to development, testing, and delivery. This experience has taught me to work in a structured, results-oriented way while keeping multiple moving parts aligned.

One area that particularly stands out to me in your description is the need to analyze development needs, coordinate with trainers and experts, and manage projects across all process steps. In my previous roles, I regularly acted as the direct point of contact for clients and team members, facilitated kick-off meetings, and ensured that projects stayed on track and met deadlines. I am comfortable taking ownership of complex workflows and adapting quickly to changing priorities.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am confident that my organizational abilities, communication skills, and proactive approach would allow me to contribute meaningfully to your team. I have attached my CV for your review and look forward to the possibility of discussing how I can support BBA’s Inhouse-Qualifizierungen.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
