I am writing to apply for the Assistant Marketing Manager position at Little Caesars Pizza. The role's focus on supporting franchisees, coordinating regional campaigns, and managing vendor relationships aligns with my experience in project coordination and cross-functional communication.

Through my professional experience, I have supported marketing and operational teams by coordinating campaign materials, tracking budgets, and managing purchase orders. I am comfortable working as a liaison between internal teams, vendors, and external partners to ensure smooth execution of projects.

One area that particularly interests me is the coordination of digital menu board content and local store marketing materials. I have experience managing content updates, ensuring accuracy, and communicating changes clearly to stakeholders. I am also skilled at compiling data and preparing reports for management review.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,
