I am writing to apply for the Remote Scheduling Coordinator position at Travel Planning Professionals. This role aligns well with my organizational approach and my ability to work independently using digital tools to manage tasks and communicate effectively.

While my background is in software engineering, I have developed strong organizational habits through managing complex projects, coordinating with multiple stakeholders, and maintaining detailed records across distributed teams. I am comfortable working remotely, following established processes, and ensuring accuracy in every task I handle.

In previous work, I have coordinated scheduling needs, maintained calendars, and communicated professionally with clients via email and online platforms. I am dependable, detail-oriented, and accustomed to managing multiple responsibilities in a virtual workspace.

In addition to my organizational skills, I communicate clearly with both technical and non-technical people. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
