I am writing to apply for the Scheduling Coordinator Entry Level position at Travel Planning Professionals. This role aligns well with my ability to stay organized, communicate clearly, and work effectively in a remote, client-focused environment.

In my previous work as a Web Developer, I regularly coordinated with clients and team members to gather requirements, organize project details, and ensure timely delivery. I maintained structured records of interactions and followed established processes to keep projects on track. These experiences have built strong organizational habits and attention to detail.

I am comfortable working independently and managing multiple scheduling requests simultaneously. I communicate updates and confirmations in a timely and professional manner, and I am experienced with email, online platforms, and digital tools for coordination.

In addition to my organizational skills, I work effectively across teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.
