I am writing to apply for the Entry Level Online Scheduling Coordinator position at Travel Planning Professionals. Your focus on structured coordination, client support, and remote collaboration aligns well with my approach to work.

Through my professional experience as a web developer, I have developed strong organizational habits and attention to detail. I regularly managed client requests, gathered and documented information, and communicated updates clearly. These skills translate directly to coordinating schedules and maintaining accurate records.

I am comfortable working independently in a remote environment and have experience using online platforms and scheduling tools to stay productive. I follow through on tasks consistently and ensure that all details are properly organized from start to finish.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
