I am writing to apply for the Claims Specialist position at DTLA Benefits. The role involves reviewing and processing insurance claims, verifying policy details and medical documentation, and providing prompt customer service to policyholders and providers. I am interested in contributing to a company that values integrity, customer service, and accuracy.

Through my professional experience as a Web Developer, I have developed strong skills in data management, attention to detail, and working with complex systems. I am comfortable interpreting information, maintaining accurate records, and following established procedures. My technical background has taught me to approach tasks methodically and ensure data integrity.

One area that particularly interests me is the customer service aspect of this role. I have experience communicating with diverse stakeholders and responding to inquiries clearly and professionally. I am skilled at listening carefully, asking the right questions, and following up to resolve issues.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
