I am writing to express my interest in the Kosmetikerin / Beauty Expertin position at Pow korean concept. Your studio's focus on high-quality, Korean-inspired beauty treatments and creating a calm, aesthetic environment for clients is something I find genuinely appealing. I am a quick learner with a strong work ethic and a commitment to precision, and I am eager to bring that dedication to your team.

Although my professional experience is in software engineering, I have developed a disciplined approach to my work that I believe translates well into a beauty studio setting. My background has required meticulous attention to detail, strict adherence to protocols, and a focus on delivering a seamless and positive end-user experience. I am confident in my ability to learn and master the specific techniques of facials, lash lifts, and nail services with the same level of dedication.

I am a hard worker who values cleanliness, organization, and a professional atmosphere. I am accustomed to preparing workspaces, managing my own schedule, and taking full ownership of my responsibilities. I am also a strong communicator and enjoy working as part of a team to ensure every client feels welcomed and cared for.

In addition to my technical background, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am looking for an opportunity where I can apply my strong work ethic and learning ability in a hands-on, client-focused role. I am confident I can grow into an expert member of your team and contribute to the high standards of Pow korean concept. I have attached my CV for your review.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
