I am writing to apply for the Staatlich geprˆ…fte Kosmetikerin in Teilzeit position at Inanna GmbH. What draws me to Inanna Wellness is not just the awards or the reputation, but the philosophy behind the work: precision over intensity, rhythm over speed, and genuine attention to each guest. That is the kind of environment where I want to grow.

I come from a technical background in software engineering, where I have spent years developing systems that require accuracy, patience, and careful attention to detail. Through my work building full-stack applications and real-time monitoring systems, I have learned to work methodically, troubleshoot with clarity, and maintain focus even under pressure. These habits translate well into hands-on, service-oriented work.

I am a quick learner who adapts easily to new tools and processes. I am fluent in English and Bengali, have working knowledge of German and Russian, and communicate clearly with people from different backgrounds. I enjoy working in small teams where collaboration and mutual respect are part of the daily rhythm.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I understand this role requires NiSV certification, and I am prepared to obtain it with your support. I would welcome the opportunity to contribute to the culture of care and craftsmanship at Inanna Wellness. My CV is attached for your review.

Sincerely,

Md Shahanur Islam Shagor
