I am writing to apply for the Social Media Creatorin fˆ…r Family Brand position at 12minutes GmbH. Your focus on making first aid accessible and trendy for families through ouchie and 12minutes is a fresh approach that I find genuinely interesting.

I understand Instagram, TikTok, and creator marketing not just theoretically but as an active user. I have a natural feel for hooks, trends, and what makes content stop a scroll. I can take a product idea and turn it into a strong reel concept with clear storytelling and visual appeal.

I write in a way that is direct, clear, and charming. I am comfortable engaging with audiences through comments and DMs, and I can coordinate with creators and influencers in a professional yet friendly manner. I also bring experience in planning editorial calendars and translating competitor observations into concrete content ideas.

In addition to my creative and social media skills, I work effectively across teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I have also included a link to an example post for 12minutes and ouchie as requested. I would welcome the opportunity to discuss how I can contribute to your brand’s visibility.

Sincerely,

Md Shahanur Islam Shagor
