I am writing to apply for the Courier position at FedEx Australia. The opportunity to join a global logistics leader with a strong safety culture and clear career development path is genuinely appealing.

While my professional background is in software engineering, I bring the same discipline, reliability, and attention to detail to every task I take on. I am a hard worker who follows processes carefully, communicates clearly, and stays focused on delivering results.

I hold full working rights in Australia and am prepared to meet all screening requirements, including driving assessment, drug and alcohol screening, criminal history check, and fitness evaluation. I am comfortable working independently, managing my time effectively, and maintaining a customer-focused mindset throughout the day.

In addition to my technical experience, I work effectively across teams and communicate clearly with both colleagues and customers. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in diverse environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
