I am writing to apply for the Executive Assistant position at Atlas Search. Your firm's focus on AI and technology aligns with my background in software engineering and my experience working within technical environments.

In my previous roles as a Web Developer, I regularly coordinated across teams, tracked project deadlines, and ensured smooth communication between stakeholders. I am comfortable using AI tools for research, summarization, and improving workflow efficiency.

I hold a Bachelor's degree in Software Engineering and have worked in technology for over four years. I am fluent in Bengali and English, with working knowledge of Russian and Hindi, which supports collaboration in international settings.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
