I am writing to apply for the Driving Examiner position with the Department of Customer Services, Open Data and Small and Family Business. The opportunity to contribute directly to road safety in Queensland communities is one I take seriously.

Although my professional background is in software engineering, I bring strong communication skills, a commitment to fairness, and the ability to follow procedures consistently. I understand the importance of providing clear, constructive feedback and treating every applicant with respect during assessments.

I hold a valid driver's licence and maintain a clean driving record. I am prepared to obtain and maintain the required Driving Examiner Accreditation through the Department of Transport and Main Roads. I am also flexible to travel to neighbouring centres as required.

In addition to my professional experience, I work effectively across teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
