I am writing to apply for the Founder's Associate / Chief of Staff position at Kulturwerke Deutschland. The opportunity to work directly alongside the managing director, take ownership of strategic projects, and contribute to the international expansion of a growing educational company is exactly the kind of responsibility I am looking for.

What stands out to me about Kulturwerke Deutschland is the meaningful mission of enabling young people to have formative years abroad. I value working in environments where the work has real impact, and I am drawn to the combination of operational depth and strategic freedom this role offers.

In my professional experience as a Web Developer, I have worked closely with stakeholders to prepare analyses, coordinate cross-departmental projects, and ensure that decisions are followed through. I have built a habit of structuring information clearly, anticipating what leadership needs before being asked, and maintaining discretion when handling sensitive matters. These are not just skills I practice but instincts I have developed over years of working in fast-moving delivery environments.

A relevant example is my work on a multi-vendor e-commerce ecosystem where I coordinated between customers, sellers, delivery agents, and logistics teams. This required me to act as a central interface, align priorities across different groups, and ensure that projects moved forward without bottlenecks. I also built real-time monitoring dashboards that gave leadership instant visibility into system health, which reflects my comfort with digital tools and automation.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can support the managing director and contribute to Kulturwerke Deutschland's continued growth.

Sincerely,

Md Shahanur Islam Shagor
