I am writing to apply for the Niˆ–era Ayuda con los deberes Sin experiencia position at TUS Media. I understand you are looking for someone who enjoys working with children and can support them with their daily schoolwork.

While my professional background is in software engineering, I have always enjoyed working with children and helping them learn. I am a patient, responsible person who takes initiative and communicates clearly. I believe these qualities are essential for supporting children with their homework and organizing educational activities.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I am comfortable adapting to different communication styles and building trust with children and families.

I am available for flexible hours and can start immediately. I have attached my CV for your review.

Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
