I am writing to apply for the Creator Manager (m/w/d) Teilzeit position at Hebamme Isabelle. Your work in supporting families during pregnancy, birth, and the postpartum period is genuinely meaningful, and I would be proud to contribute to a team that reaches thousands of families every day.

Although my professional background is in software engineering, I bring strong project coordination, independent work habits, and clear communication skills. In my previous roles, I managed end-to-end delivery of web applications, coordinated with clients and stakeholders, and maintained structured workflows under tight deadlines. I am comfortable working remotely and taking ownership of tasks without needing constant supervision.

I am a quick learner and have experience with content creation tools. I am proficient with Canva for graphic design and have worked with video editing software. I am also familiar with scheduling and planning workflows, which I believe will translate well to managing a content calendar and coordinating posts.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am genuinely interested in the topics of pregnancy, birth, and postpartum care, and I am eager to bring my organizational skills and enthusiasm to your team. I have attached my CV for your review and look forward to the possibility of contributing to Hebamme Isabelle’s continued success.

Sincerely,

Md Shahanur Islam Shagor
