I am writing to express my interest in the Country Manager Generika Deutschland position at Andris Consulting GmbH.

After reviewing the job description, it is clear that this role requires extensive experience in the German generics market, tender business, and pharmaceutical sales channel management. My professional background is in software engineering, full-stack web development, and AI systems, which does not align with the core requirements of this position.

I respect the clarity of your requirements and appreciate the opportunity to apply. I have attached my CV for your reference, in case there are other positions within your organization where my technical skills could be more relevant.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
