I am writing to apply for the Painter position at Ian Williams Ltd. I understand you are looking for a skilled individual to carry out internal and external decorations in housing settings, and I am ready to bring my strong work ethic and commitment to quality to your team.

While my professional experience is in software engineering, I have always valued hands-on, detail-oriented work. I am a quick learner and a hard worker, and I am fully prepared to develop the specific trade skills required for this role. I take pride in completing tasks thoroughly and safely.

I enjoy working with people and understand the importance of delivering exceptional customer service in a domestic environment. I am comfortable working both as part of a team and independently, and I am committed to making a positive difference to residents' homes.

In addition to my technical background, I communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
